ABOUT AQUAVISTA 100

OVERVIEW

Aquavista 100 is a patented, space-saving tabletop aquarium that looks like a flat screen LCD monitor. The self-contained, low voltage unit is preassembled with LED lighting, filter/air pump, and includes vivid background and designer frame.

THE PERFECT DECORATION

Aquavista 100's slim profile makes it the perfect decoration for any home and office without occupying valuable space. It is easy to set up and maintain, and its sleek design adds serenity and style to any room.

HIGHLY CUSTOMIZABLE

The Aquavista 100's modular design and accessories make it highly customizable and decorative. The aquarium can be personalized to fit any mood or occasion with the wide selection of 3D backgrounds and designer frames, that can be easily changed.

IMPROVE FENG SHUI

According to the principles of feng shui, moving water brings prosperity and good luck to the home. Aquariums are great feng shui enhancements because they are soothing and energizing. Aquavista products offer unlimited creative potential in enhancing good feng shui by blending art with moving water.

CUSTOMIZATION OPTIONS

The Aquavista 100 can be personalized with a wide selection of interchangeable decorative frames.

The Aquavista 100 uses a proprietary magnetic mechanism to secure the decorative frames to the unit that allows the frames to easily change the look.
